

## Worth to know about the show classes for breeding stallions, mares and geldings

The breeding committee is responsible for half of the program during the Danish Studbook's Jubilee celebrations in August 4th-7th 2016 in Vilhelmsborg (Bedervej 101, 8320 Mårslet). The program is planned as follows:

### **Thursday 4th:**

Medal mare conformation, gelding conformation and the 2-years final for mares.

Only Danish owned Fjord Horses can attend these three classes because the participating horses must follow the Danish breeding plans.

### **Friday 5th and Saturday 6th:**

Performance test for stallions and stallion conformation.

Should anybody from abroad want to participate in the stallion conformation it might be possible.

The first thing you must do is to send an e-mail to the breeding committee – [avl@fjordhest.dk](mailto:avl@fjordhest.dk)

### **Sunday 7th.:**

Show classes for 'Stallions of the Year', 'Mares of the Year' and 'Geldings of the Year' (only Danish owned Fjord Horses can participate, because these classes are for horses given that title in Denmark in the period 1997 to 2016 as a part of our conformation events).

**Show classes for Breeding stallions, mares and geldings.** These show classes can be entered by all horses participating in either the breed classes or the championships (Danish and European) during the four Jubilee days.

In addition Danish owned Fjord Horses – not attending the jubilee – can be entered, but they must meet certain criterions when it comes to conformation results.

## Breeding stallions, mares and geldings from abroad

It seldom happens that breeding stallions participate in international exhibition classes, but it will be possible in August in Vilhelmsborg – Sunday 7th. The breeding stallions in Denmark with a 'Danish license to breed' are invited and so are all breeding stallions participating in the European championship. We hope the owners, riders and drivers will enter their horses in this show class. There are similar show classes for mares and geldings.

Participation will be free of charge – no entry fee is demanded.

The classes might be divided according with the age of the horses.

The plan is to have the horses judged by an international jury.

## Entry registration

If you want to participate in the show classes for breeding stallions, mares or geldings we ask you to e-mail the breeding committee ([avl@fjordhest.dk](mailto:avl@fjordhest.dk)) no later than June 10th. The entry registration form is found right to this 'worth to know' text.

We look forward to welcoming your participation.
